In Memoriam: Mike Morgan

Mike Morgan, a Fillmore resident since 1993 and a SCRVRHS member since 1996, passed away on August 28, 2020. Mike was an instrumentation and electrical systems technician with Imation in Camarillo.

He also spent time as a signal maintainer for the Fillmore & Western Railway. 'Big' Mike and his entire family have been very active in SCRVRHS since their joining. Mike's wife Joyce and their daughters all volunteered their time and dollars to the Society over the many years.

In June, 2005 the Society's new digital theatre was named after the Morgans in recognition of their service. Mike also served on the SCRVRHS board of directors. Recently confined to a power wheelchair after a motorcycle accident, Mike still scooted all around to help SCRVRHS with the Rail Festival and other activities. Mike always had a smile and a warm greeting. He will be missed.
